FOOTBALL TIE-BREAKER

The following procedure will be used to break ties in the standings for the purpose of determining the Conference representatives in the W.I.A.A. state playoffs:

Criteria should be considered in the order it is listed. If a step resolves the situation, do not go on to the next step. If any criteria in step 3 can set it back to steps 1 or 2 that should always be done, so that head to head competition is the final determinant.

1. If two teams are tied for 1st place in the Conference final standings, both teams would advance to the W.I.A.A. playoffs. The team that defeated the other would be considered the 1st place seed, and the other team the 2nd place seed.
2. If one team is declared Conference champion, and two teams are tied for second, the team that defeated the other advances as the second place qualifier.
3. If three or more teams are tied, the playoff representatives will be determined by the following criteria:

Eliminate the team or teams with the poorest won – lost record in head to head competition of the teams that are tied.

Eliminate the team or teams whose Conference opponents that defeated them had the poorest won-lost conference record.

Eliminate the team or teams who were behind in score in the most quarters in games between the teams that were tied.

Eliminate the team or teams who were behind in score in the most quarters in games against all Conference opponents.

If the previous steps do not resolve the problem, a coin tossing procedure will decide the playoff representatives. The superintendent's executive committee will handle the coin toss.

- Teams must keep quarter scoring stats for all Conference games.
